PROFILE SUMMARY

Passionate web developer proficient in HTML, CSS, and JavaScript, with hands-on experience in Node.js and MongoDB. Committed to crafting user-friendly web applications and eager to contribute innovative solutions to projects. Strong problem-solving skills and a proactive learner in evolving web technologies.

PROJECTS

Project - 1
ECommerce Website
(HTML, CSS, Javascript, Node.js, MongoDB)

- Developed a fully functional eCommerce application using HTML, CSS, and JavaScript for front-end design and interactivity.
- Implemented back-end functionalities using Node.js, ensuring seamless server-side operations and data handling.
- Integrated MongoDB database to efficiently manage product catalogs, user profiles, and transactional data.
- Collaborated with team members to ensure the scalability, responsiveness, and security of the eCommerce platform, delivering a user-centric experience

Project - 2
College Fee Details Website
(HTML, CSS, Javascript, Node.js, MongoDB)

- Created a college fee details application with HTML, CSS, and JavaScript for the front end.
- Implemented secure back-end functionalities using Node.js for user authentication and fee calculations.
- Utilized MongoDB for efficient storage and management of student fee records.
- Collaborated with stakeholders to ensure a user-friendly interface and streamlined fee management processes.

SOFT SKILLS

- Problem-solving: Capable of identifying and resolving issues efficiently.
- Time management: Proficient in prioritizing tasks and meeting deadlines effectively.
- Strong communication abilities: Able to convey ideas clearly and collaborate effectively with team members.
